AUTHOR INDEX

Ackermann, M., *see* Villinger, F. et al.
Alviano, C.S., *see* Araujo, F. et al.
Amborski, G.F., Lo, J.L. and Seger, C.L. (Baton Rouge, LA, U.S.A.)
Serological detection of multiple retroviral infections in cattle: bovine leukemia virus, bovine syncytial virus and bovine visna virus 247
Angluster, J., *see* Araujo, F. et al.
Araujo, F., Alviano, C.S., Angluster, J. and Ricciardi, I.D. (Rio de Janeiro, Brazil)
Chemical composition of lipopolysaccharide from *Moraxella bovis* 165
Baba, K., *see* Ide, S. et al.
Banks, M. (Weybridge, Gt. Britain)
Aujeszky's disease ELISA: cross-reactions with other herpesvirus antisera 1
Barrow, P.A. (Huntingdon, Gt. Britain) and Hill, A.W. (Newbury, Gt. Britain)
The virulence characteristics of strains of *Escherichia coli* isolated from cases of bovine mastitis in England and Wales 35
Batra, H.V., *see* Chand, P. et al.
Belak, S., *see* Morein, B. et al.
Blais, B.W., Yamazaki, H. (Ottawa, Ont., Canada) and Rigby, C.E. (Nepean, Ont., Canada)
Use of hydrophobic cloths as antibody adsorbents for enzyme immunoassay: detection of *Brucella* antigens 155
Blecha, F., *see* Ghram, A. et al.
Bognar, K., *see* Morein, B. et al.
Bridges, A., *see* Thorns, C.J. et al.
Bruckner, L., *see* Villinger, F. et al.
Callebaut, P., Pensaert, M.B. and Hooyberghs, J. (Ghent, Belgium)
A competitive inhibition ELISA for the differentiation of serum antibodies from pigs infected with transmissible gastroenteritis virus (TGEV) or with the TGEV-related porcine respiratory coronavirus 9
Cay, B., Chappuis, G. (Brussels, Belgium), Coulibaly, C., Greiser-Wilke, I., Liess, B., Mateo, A., Moenning, V. (Hannover, F.R.G.), Dinter, Z., Junti, N. (Uppsala, Sweden), Edwards, S. (Weybridge, Gt. Britain), Gunn, M. (Dublin, Ireland), Have, P. (Kalvehave, Denmark), Hess, G. (Tübingen, F.R.G.), McHugh, P. (Belfast, N. Ireland), Nettleton, P. (Edinburgh, Gt. Britain) and Wensvoort, G. (Lelystad, The Netherlands)
Comparative analysis of monoclonal antibody against pestiviruses: report of an international workshop 123
Chand, P., Sadana, J.R., Chauhan, R.S. (Hisar, India) and Batra, H.V. (New Delhi, India)
Comparison of the dot-immunobinding assay with the complement fixation test for the detection of *Brucella* antibodies in sheep 281
Chappuis, G., *see* Cay, B. et al.
Chauhan, H.V.S., *see* Gupta, M.K. et al.
Chauhan, R.S., *see* Chand, P. et al.
Chauhan, R.S., *see* Chand, P. et al.
Chen, N.-C., *see* Plackett, P. et al.
Chung, S.-I., *see* Collisson, E.W. et al.
Collisson , E.W., Chung, S.-I. and Hoegenauer, K. (College Station, TX, U.S.A.)
Oligonucleotide fingerprint analysis of the genomes of two variants of bluetongue virus Serotype 2 isolated in the U.S.A. 369

Cook, R.F., Mumford, J.A. (Newmarket, Gt. Britain) and Gann, S.J. (Cambridge, Gt. Britain)
The effects of vaccination with tissue culture-derived viral vaccines on detection of antibodies to equine arteritis virus by enzyme-linked immunosorbent assay (ELISA) 181
Corner, L.A., *see* Plackett, P. et al.
Coulibaly, C., *see* Cay, B. et al.
Cousins, D.V., Francis, B.R. (Perth, W.A., Australia) and Gow, B.L. (Nedlands, W.A., Australia)
Advantages of a new agar medium on the primary isolation of *Mycobacterium bovis* 89
Czerny, C.-P. and Eichhorn, W. (Munich, F.R.G.)
Characterization of monoclonal and polyclonal antibodies to bovine enteric coronavirus: establishment of an efficient ELISA for antigen detection in feces 111
De Clercq, K., Koenen, F., Strobbe, R. and Debecq, J. (Brussels, Belgium)
Simultaneous vaccination of piglets against foot-and-mouth disease and classical swine fever 215
De Kluyver, E.P., *see* Wensvoort, G. et al.
Dea, S., Tijssen, P. (Laval-des Rapides, Que., Canada), Garzon, S. and Strykowski, H. (Montreal, Que., Canada)
Ultrastructure and protein A–gold immunolabelling of HRT-18 cells infected with turkey enteric coronavirus 21
Debecq, J., *see* de Clercq, K. et al.
Deyoe, B.L., *see* Tabatabai, L.B. et al.
Dinter, Z., *see* Cay, B. et al.
Donachie, W., *see* Jones, G.E. et al.
Edwards, S., *see* Cay, B. et al.
Eichhorn, W., *see* Czerny, C.-P. and Eichhorn, W.,
Eiguchi, Y., *see* Ide, S. et al.
Erickson, E.D., *see* Payvandi, F. et al.
Fifis, T., *see* Plackett, P. et al.
Fodor, L., Varga, J., Molnar L. and Hajtos, I. (Budapest, Hungary)
Biochemical and serological properties of *Actinobacillus pleuropneumoniae* biotype 2 strains isolated from swine 173
Francis, B.R., *see* Cousins, D.V. et al.
Fujisaki, Y., *see* Ide, S. et al.
Gann, S.J., *see* Cook, R.F. et al.
Gard, G.P., Melville, L.F. and Shorthose, J.E. (Berrimah, N.T., Australia)
Investigations of bluetongue and other arboviruses in the blood and semen of naturally infected bulls 315
Garzon, S., *see* Dea, S. et al.
Ghram, A., Reddy, P.G., Blecha, F. and Minocha, H.C. (Manhattan, KS, U.S.A.)
Effects of bovine respiratory disease viruses and isoprinosine on bovine leukocyte function in vitro 307
Gilmour, J.S., *see* Jones, G.E. et al.
Gow, B.L., *see* Cousins, D.V. et al.
Greiser-Wilke, I., *see* Cay, B. et al.
Gunn, M., *see* Cay, B. et al.
Gupta, M.K., Chauhan, H.V.S., Jha, G.J. and Singh, K.K. (Bihar, India)
The role of the reticuloendothelial system in the immunopathology of Marek's disease 223
Hajtos, I., *see* Fodor, L. et al.
Hakogi, E., Kohata, A. (Hyogo-ken, Japan), Tamura, H., Tanaka, S. (Tokyo, Japan), Shimada, Y. (Osaka, Japan) and Tabuchi, K. (Kanagawa-ken, Japan)
Endotoxin levels in milk and plasma of mastitis-affected cows measured with a chromogenic limulus test 267

Have, P., *see* Cay, B. et al.
Hess, G., *see* Cay. B. et al.
Higgins, R., *see* Thorns, C.J. et al.

Yamazaki, H., *see* Blais, B.W. et al.
Yogev, D., *see* Hyman, H.C. et al.
Yoshikawa, Y., Ochikubo, P., Matsubara, Y., Tsuruoka, H., Yamanouchi, K. (Tokyo, Japan), Ishii, M., Shirota, K. and Nomura, Y. (Kanagawa, Japan)
Natural infection with canine distemper virus in a Japanese monkey (*Macaca fuscata*) .. 193

SUBJECT INDEX

Actinobacillus pleuropneumoniae
Biochemical and serological properties of *Actinobacillus pleuropneumoniae* biotype 2 strains isolated from swine 173
Agar
Advantages of a new agar medium on the primary isolation of *Mycobacterium bovis* 89
Akabane virus
Detection of antibodies against Akabane virus in bovine sera by enzyme-linked immunosorbent assay 275
Arboviruses
Investigations of bluetongue and other arboviruses in the blood and semen of naturally infected bulls 315
Aujeszky's disease
Aujeszky's disease ELISA: cross-reactions with other herpesvirus antisera 1
Iscom of viral envelope proteins protects against Aujeszky's disease 143
Bacteriology
Advantages of a new agar medium on the primary isolation of *Mycobacterium bovis* 89
Biochemical and serological properties of *Actinobaciluus pleuropneumoniae* biotype 2 strains isolated from swine 173
Chemical composition of lipopolysaccharide from *Moraxella bovis* 165
Comparing different isolates of *pasteurella haemolytica* from beef calves using their in vitro antimicrobial sensitivity patterns 73
Comparison of the dot-immunobinding assay with the complement fixation test for the detection of *Brucella* antibodies in sheep 281
Discrimination between sheep antibodies to *Brucella melitensis* and to *Brucella ovis* 339
DNA probes for *Mycoplasma gallisepticum* and *Mycoplasma synoviae:* application in experimentally infected chickens 323
Endotoxin levels in milk and plasma of mastitis-affected cows measured with a chromogenic limulus test 267
Evaluation of monoclonal antibodies to K88, K99, F41 and 987P fimbrial adhesins for the detection of porcine enterotoxigenic *Escherichia coli* in paraffin-wax tissue sections . 377
Immunogenicity of *Brucella abortus* salt-extractable proteins 49
In vitro adhesion of K88ac$^+$ *Escherichia coli* to Peyer's patch and peripheral blood lymphocytes, buccal and rectal epithelial cells or intestinal epithelial brush borders of weaned pigs 357
Monoclonal antibodies for coagglutination of *Streptococcus suis* Type 1 349
Protection of lambs against experimental pneumonic pasteurellosis by transfer of immune serum 59
Resistance of some capsular serotype D strains of *Pasteurella multocida* to rabbit polymorphonuclear neutrophil phagocytosis 79
The effects of vaccination with tissue culture-derived viral vaccines on detection of antibodies to equine arteritis virus by enzyme-linked immunosorbent assay (ELISA) 181
The virulence characteristics of strains of *Escherichia coli* isolated from cases of bovine mastitis in England and Wales 35
Use of hydrophobic cloths as antibody adsorbents for enzyme innumoassay: detection of *Brucella* antigens 155
Bioengineering
Antibodies to foot-and-mouth disease virus infection associated (VIA) antigen: use of a bioengineered VIA protein as antigen in an ELISA 235

Bluetongue virus
Investigations of bleutongue and other arboviruses in the blood and semen of naturally infected bulls 315
Oligonucleotide fingerprint analysis of the genomes of two variants of bluetongue virus Serotype 2 isolated in the U.S.A. 369
Border disease virus
Characterization of porcine and some ruminant pestiviruses by cross-neutralization 291
Bovine enteric coronavirus
Characterization of monoclonal and polyclonal antibodies to bovine enteric coronavirus: establishment of an efficient ELISA for antigen detection in feces 111
Bovine herpesvirus-1
Effects of bovine respiratory disease viruses and isoprinosine on bovine leukocyte function in vitro 307
Bovine leukemia virus
Serological detection of multiple retroviral infections in cattle: bovine leukemia virus, bovine syncytial virus and bovine visna virus 247
Bovine mastitis
The virulence characteristics of strains of *Escherichia coli* isolated from cases of bovine mastitis in England and Wales 35
Bovine respiratory disease
Effects of bovine respiratory disease viruses and isoprinosine on bovine leukocyte function in vitro 307
Bovine syncytial virus
Serological detection of multiple retroviral infections in cattle: bovine leukemia virus, bovine syncytial virus and bovine visna virus 247
Bovine viral diarrhoea virus
Characterization of porcine and some ruminant pestiviruses by cross-neutralization 291
Bovine virus diarrhoea virus
Effects of bovine respiratory disease viruses and isoprinosine on bovine leukocyte function in vitro 307
Bovine visna virus
Serological detection of multiple retroviral infections in cattle: bovine leukemia virus, bovine syncytial virus and bovine visna virus 247
Brucella
Comparison of the dot-immunobinding assay with the complement fixation test for the detection of *Brucella* antibodies in sheep, ... 281
Use of hydrophobic cloths as antibody adsorbents for enzyme immunoassay: detection of *Brucella* antigens 155
Brucella abortus
Immunogenicity of *Brucella abortus* salt-extractable proteins 49
Brucella melitensis
Discrimination between sheep antibodies to *Brucella melitensis* and to *Brucella ovis* 339
Brucella ovis
Discrimination between sheep antibodies to *Brucella melitensis* and to *Brucella ovis* 339
Bulls
Investigations of bleutongue and other arboviruses in the blood and semen of naturally infected bulls 315
Calves
Comparing different isolates of *pasteurella haemolytica* from beef calves using their in vitro antimicrobial sensitivity patterns 73

Canine distemper virus
Natural infection with canine distemper virus in a Japanese monkey (*Macaca fuscata*) .. 193
Cattle
Antibodies to foot-and-mouth disease virus infection associated (VIA) antigen: use of a bioengineered VIA protein as antigen in an ELISA 235
Endotoxin levels in milk and plasma of mastitis-affected cows measured with a chromogenic limulus test 267
Evaluation of techniques to demonstrate foot-and-mouth disease virus in bovine tongue epithelium: comparison of the sensitivity of cattle, mice, primary cell cultures cryopreserved cell cultures, and established cell lines 99
Serological detection of multiple retroviral infections in cattle: bovine leukemia virus, bovine syncytial virus and bovine visna virus 247
Cell cultures
Evaluation of techniques to demonstrate foot-and-mouth disease virus in bovine tongue epithelium: comparison of the sensitivity of cattle, mice, primary cell cultures, cryopreserved cell cultures, and established cell lines 99
Chickens
DNA probes for *Mycoplasma gallisepticum* and *Mycoplasma synoviae*: application in experimentally infected chickens 323
The role of the reticuloendothelial system in the immunopathology of Marek's disease 223
Classical swine fever
Simultaneous vaccination of piglets against foot-and-mouth disease and classical swine fever 215
Complement fixation test
Comparison of the dot-immunobinding assay with the complement fixation test for the detection of *Brucella* antibodies in sheep 281
Dot-immunobinding assay
Comparison of the dot-immunobinding assay with the complement fixation test for the detection of *Brucella* antibodies in sheep 281
ELISA
A competitive inhibition ELISA for the differentiation of serum antibodies from pigs infected with transmissible gastroenteritis virus (TGEV) or with the TGEV-related procine respiratory coronavirus 9
Antibodies to foot-and-mouth disease virus infection associated (VIA) antigen: use of a bioengineered VIA protein as antigen in an ELISA 235
Aujeszky's disease ELISA: cross-reactions with other herpesvirus antisera 1
Characterization of monoclonal and polyclonal antibodies to bovine enteric coronavirus: establishment of an efficient ELISA for antigen detection in feces 111
Protection of lambs against experimental pneumonic pasteurellosis by transfer of immune serum 59
The effects of vaccination with tissue culture-derived viral vaccines on detection of antibodies to equine arteritis virus by enzyme-linked immunosorbent assay (ELISA) 181
Detection of antibodies against Akabane virus in bovine sera by enzyme-linked innumosorbent assay 275
Use of hydrophobic cloths as antibody adsorbents for enzyme immunoassay: detection of *Brucella* antigens 155
Epizootic haemorrhagic disease
Investigations of bluetongue and other arboviruses in the blood and semen of naturally infected bulls 315
Equine arteritis virus
The effects of vaccination with tissue culture-derived viral vaccines on detection of antibodies to equine arteritis virus by enzyme-linked immunosorbent assay (ELISA) 181

Escherichia coli
Evaluation of monoclonal antibodies to K88, K99, F41 and 987P fimbrial adhesins for the detection of porcine enterotoxigenic *Escherichia coli* in paraffin-wax tissue sections . 377
In vitro adhesion of K88ac$^+$ *Escherichia coli* to Peyer's patch and peripheral blood lymphocytes, buccal and rectal epithelial cells or intestinal epithelial brush borders of weaned pigs 357
The virulence characteristics of strains of *Escherichia coli* isolated from cases of bovine mastitis in England and Wales 35
Feline infectious peritonitis
Inhibitory effects of ribavirin alone or combined with human alpha interferon on feline infectious peritonitis virus replication in vitro 255
Fingerprint analysis
Oligonucleotide fingerprint analysis of the genomes of two variants of bluetongue virus Serotype 2 isolated in the U.S.A. 369
Foot-and-mouth disease
Antibodies to foot-and-mouth disease virus infection associated (VIA) antigen: use of a bioengineered VIA protein as antigen in an ELISA 235
Evaluation of techniques to demonstrate foot-and-mouth disease virus in bovine tongue epithelium; comparison of the sensititivy of cattle, mice, primary cell cultures, cryopreserved cell cultures, and established cell lines 99
Simultaneous vaccnation of piglets against foot-and-mouth disease and classical swine fever 215
Gas–liquid chromatography
Chemical composition of lipopolysaccaride from *Moraxella bovis* 165
Goats
Experimental infection of pregnant goats with swine fever virus 207
Herpesvirus
Aujeszky's disease ELISA: cross-reactions with other herpesvirus antisera 1
Hog cholera virus
Characterization of porcine and some ruminant pestiviruses by cross-neutralization 291
Horses
The effects of vaccination with tissue culture-derived viral vaccines on detection of antibodies to equine arteritis virus by enzyme-linked immunosorbent assay (ELISA) 181
Human alpha interferon
Inhibitory effects of ribavirin alone or combined with human alpha interferon on feline infectious peritonitis virus replication in vitro 255
Hydrophobic cloths
Use of hydrophobic cloths as antibody adsorbents for enzyme immunoassay: detection of *Brucella* antigens 155
Immunity
The role of the reticuloendothelial system in the immunopathology of Marek's desease ... 223
Immunogenicity
Immunogenicity of *Brucella abortus* salt-extractable proteins 49
Immunology
Veterinary immunology, (Book Review) 289
Immunostimulating complex
Iscom of viral envelope proteins protects against Aujeszky's disease 143
Lambs
Protection of lamb against experimental pneumonic pasteurellosis by transfer of immune serum 59

Lipopolysaccaride
Chemical composition of lipopolysaccharide from *Moraxella bovis* 165
Marek's disease
The role of the reticuloendothelial system in the immunopathology of Marek's disease 223
Mass spectrometry
Chemical compsotion of lipopolysaccharide from *Moraxella bovis* 165
Mastitis
Endotoxin levels in milk and plasma of mastitis-affected cows measured with a chromogenic limulus test 267
Mice
Evaluation of techniques to demonstrate foot-and-mouth disease virus in bovine tongue epithelium: comparison of the sensitivity of cattle, mice, primary cell cultures, cryopreserved cell cultures, and established cell lines 99
Monoclonal antibodies
Characterization of monoclonal and polyclonal antibodies to bovine enteric coronavirus: establishment of an efficient ELISA for antigen detection in feces 111
Comparative analysis of monoclonal antibody against pestiviruses: report of an international workshop 123
Evaluation of monoclonal antibodies to K88, K99, F41 and 987P fimbrial adhesins for the detection of porcine enterotoxigenic *Escherichia coli* in paraffin-wax tissue sections . 377
Monoclonal antibodies for coagglutination of *Streptococcus suis* Type 1 349
Moraxella bovis
Chemical composition of lipopolysaccaride from *Moraxella bovis* 165
Mycobacterium bovis
Advantages of a new agar medium on the primary isolation of *Mycobacterium bovis* 89
Mycoplasma gallisepticum
DNA probes for *Mycoplasma gallisepticum* and *Mycoplasma synoviae*: application in experimentally infected chickens 323
Mycoplasma synoviae
DNA probes for *Mycoplasma gallisepticum* and *Mycoplasma synoviae*: application in experimentally infected chickens 323
Parainfluenza-3
Effects of bovine respiratory disease viruses and isoprinosine on bovine leukocyte function in vitro 307
Pasteurella haemolytica
Comparing different isolates of *Pasteurella haemolytica* from beef calves using their in vitro antimicrobial sensitivity patterns 73
Protection of lambs against experimental pneumonic pasteurellosis by transfer of immune serum 59
Pasteurella multocida
Resistance of some capsular serotype D strains of *Pasteurella multocida* to rabbit polymorphonuclear neutrophil phagocytosis 79
Pestiviruses
Characterization of porcine and some ruminant pestivuruses by cross-neutralization 291
Comparative analysis of monoclonal antibody against pestiviruses: report of an international workshop 123
Pigs
A competitive inhibition ELISA for the differentiation of serum antibodies from pigs infected with transmissible gastroenteritis virus (TGEV) or with the TGEV-related porcine respiratory coronavirus 9
Aujeszky's disease ELISA: cross-reactions with other herpesvirus antisera 1

Biochemical and serological properties of *Actinobacillus pleuropneumoniae* biotype 2 strains isolated from swine 173
Evaluation of monoclonal antibodies to K88, K99, F41 and 987P fimbrial adhesins for the detection of porcine enterotoxigenic *Escherichia coli* in paraffin-wax tissue sections . 377
In vitro adhesion of K88ac$^+$ *Escherichia coli* to Peyer's patch and peripheral blood lymphocytes, buccal and rectal epithelial cells or intestinal epithelial brush borders of weaned pigs 357
Simultaneous vaccination of piglets against foot-and-mouth disease and classical swine fever 215

Plaque test
Quantitation, biological and physicochemical properties of cell culture-adapted porcine epidemic diarrhea coronavirus (PEDV) 131

Polyclonal antibodies
Characterication of monoclonal and polyclonal antibodies to bovine enteric coronavirus: establishment of an efficient ELISA for antigen detection in feces 111

Procine epidemic diarrhea coronavirus
Quantitation, biological and physicochemical properties of cell culture-adapted porcine epidemic diarrhea coronavirus (PEDV) 131

Pseudorabies virus
Iscom of viral envelope proteins protects against Aujeszky's disease 143

Respiratory coronavirus
A competitive inhibition ELISA for the differentiation of serum antibodies from pigs infected with transmissible gastroenteritis virus (TGEV) or with the TGEV-related porcine respiratory coranavirus 9

Ribavirin
Inhibitory effects of ribavirin alone or combined with human alpha interferon on feline infectious peritonitis virus replication in vitro 255

SDS-PAGE
Oligonucleotide fingerprint analysis of the genomes of two variants of bluetongue virus Serotype 2 isolated in the U.S.A. 369

Sheep
Comaprison of the dot-immunobinding assay with the complement fixation test for the detection of *Brucella* antibodies in sheep 281
Discrimination between sheep antibodies to *Brucella melitensis* and to *Brucella ovis* 339
Iscom of viral envelope protects against Aujeszky's disease 143

Streptococcus suis
Monoclonal antibodies for coagglutination of *Streptococcus suis* Type 1 349

Swine fever virus
Experimental infection of pregnant goats with swine fever virus 207

Transmissible gastroenteritis
A competitive inhibition ELISA for the differentiation of serum antibodies from pigs infected with transmissible gastroenteritis virus (TGEV) or with the TGEV-related porcine respiratory coronavirus 9

Turkey Enteric coronavirus
Ultrastructure and protein A-gold immunolabelling of HRT-18 cells infected with turkey enteric coronavirus 21

Vaccination
The effects of vaccination with tissue culture-derived viral vaccines on detection of antibodies to equine arteritis virus by enzyme-linked immunosorbent assay (ELISA) 181
Simultaneous vaccination of piglets against foot-and-mouth disease and classical swine fever 215

The role of the reticuloendothelial system in the immunopathology of Marek's disease, ... 223
Viral encephalitis
Natural infection with canine distemper virus in a Japanese monkey (*Macaca fuscata*) .. 193
Virology
A competitive inhibition ELISA for the differentiation of serum antibodies from pigs infected with transmissible gastroneteritis virus (TGEV) or with the TGEV-related porcine respiratory coronavirus 9
Antibodies to foot-and-mouth disease virus infection associated (VIA) antigen: use of a bioengineered VIA protein as antigen in an ELISA 235
Aujeszky's disease ELISA: cross-reactions with other herpesvirus antisera 1
Characterization of monoclonal and polyclonal antibodies to bovine enteric coronavirus: establishment of an efficient ELISA for antigen detection in feces 111
Characterization of procine and some ruminant pestiviruses by cross-neutralization 291
Comparative analysis of monoclonal antibody against pestiviruses: report of an international workshop 123
Effects of bovine respiratory desease viruses and isoprinosine on bovine leukocyte function in vitro 307
Evaluation of techniques to demonstrate foot-and-mouth disease virus in bovine tongue epithelium: comparison of the sensitivity of cattle, mice, primary cell cultures, cryopreserved cell cultures, and established cell lines 99
Experimental infection of pregnant goats with swine fever virus 207
Inhibitory effects of ribavirin alone or combined with human alpha interferon on feline infectious peritonitis virus replication in vitro 255
Investigations of bluetongue and other arboviruses in the blood and semen of naturally infected bulls 315
Iscom of viral envelope proteins protects against Aujeszky's disease 143
Natural infection with canine distemper virus in a Japanese monkey (*Macaca fuscata*) .. 193
Oligonucleotide fingerprint analysis of the genomes of two variants of bluetongue virus Serotype 2 isolated in the U.S.A. 369
Quantitation, biological and physicochemical properties of cell culture-adapted porcine epidemic diarrhea coronavirus (PEDV) 131
Serological detection of multiple retroviral infections in cattle: bovine leukemia virus, bovien syncytial virus and bovine visna virus 247
Detection of antibodies against Akabane virus in bovine sera by enzyme-linked immunosorbent assay 275
Simultaneous vaccination of piglets against foot-and-mouth disease and classical swine fever 215
The role of the reticuloendothelial system in the immunopathology of Marek's disease 233
Ultrastructure and protein A–gold immunolabelling of HRT-18 cells infected with turkey enteric coronavirus 21
